Check whether deduction claimed represents worthless debts charged off □, or is an addition to a reserve □.
 In addition to the data required above, corporations claiming deductions on other than a reserve basis must submit the information specified in Instruction 25.
 Not including securities which are capital assets ascertained to be worthless and charged off within the taxable year. Such securities charged off within the taxable year covered by this return should be reported in Schedule E.

Enter the amount of the fair market value at time of distribution.
 Enter the lesser of the two following amounts determined as of the time of distribution: (a) Face value; or (b) fair market value.
 Preferred stock for this purpose should be considered as stock which is preferred as to either dividends or assets, irrespective of formal designation.
 Distributions in the form of rights to purchase assets or subscribe to stock or other obligations of the corporation should be entered in the item applicable to the assets, stocks, or other obligations for which rights were distributed.
